CAREER OBJECTIVE

Motivated and detail-oriented BCA graduate with a strong foundation in computer applications, programming and software development. Eager to contribute to a dynamic team by applying technical skills and academic knowledge. Seeking an entry-level position to begin my professional career and grow in the IT industry.

SKILLS

- ReactJS
- HTML
- SQL
- JavaScript
- CSS
- Git
- NodeJS
- PostgreSQL

ACADEMIC PROJECTS

Charity Web Application

- A full-stack web application designed to simplify and digitize the process of managing donations and donors for charity organizations. Built using ReactJS for an intuitive user interface and NodeJS with PostgreSQL for a secure and scalable backend. The system allows users to make online donations, view active campaigns, and enables admins to manage donor data and generate dashboard reports. [Github](#).
